Finance Information

The following section of this guide will explain, in detail, your financial responsibilities while you are studying at Heriot-Watt University. The main thing to remember is that you are responsible for ensuring that tuition fees are paid in full within Heriot-Watt University's terms and conditions. This applies equally if your fees are paid by a sponsor or if you are self-financing.

Further information of Tuition Fees can be found [here](#).

Please note that all fees are subject to revision. We must emphasize that there are serious consequences for non-payment of fees, including penalty charges, the withdrawal of facilities and withdrawal as a Heriot-Watt University student.

Student Fees and Charges

Tuition Fees

Tuition fees cover the provision of tuition which students receive and the cost of university facilities, including the libraries and computing facilities, which are available for use when studying. Fees will not cover, for example, the cost of reference books, notebooks and other stationery needed for study, or any University goods or services used which is not a necessary part of the program. Such additional costs will vary across programs.

In accordance with the University's Ordinances and Regulations, all fees and charges due, unless otherwise stated, are payable by students to the University in advance of enrolment as a student at the University. Details of tuition fees and other charges are issued to students either at the start of the Academic Year, or as appropriate during the year, and are due for payment as follows:

Tuition fees (New Students) – a non-refundable advance payment, equivalent to 10% of the tuition fee is due when a student accepts the offer of a place on the program. The balance will be due according to the student's payment plan or can be paid in full (see payment options below).

Tuition fees (Continuing Students) – students will receive their payment plan at the start of the academic year and can either pay in full or as per the dates in their payment plan (Through Mandatory Payment Options).

Security Deposit

There is a refundable security deposit (AED 1,000) charged to cover damage/breakage/loss in connection with academic or non-academic materials/consumables or any other charges. The University in its discretion will apply the deposit against any outstanding debt or any fine that the University has imposed, which is unpaid.

Refund of Security Deposit: All security refund requests shall be processed only after completion of the program of study, subject to clearance from all departments. All deposit refunds shall be processed through bank transfer only. Please note that for bank transfer requests, bank charges will apply, and which will be borne by the applicant/student.

Note: Any refundable deposits can be claimed by the student within the timeline provided in the policy document (under the heading Other Key Matters). However, the refund would be subjected to the clearance of any outstanding dues.

Other Fees and Charges

Other fees and charges include all other charges applied by the University, such as disciplinary fines, fines for late payment and replacement documentation (e.g. Student Identity Cards). There may also be Academic School charges, such as bench fees, field trips, breakages, or deposits. Please note that this list is not exhaustive.

For student visa fees (if required), these must be paid at least 30 days prior to the commencement of the program (or ASAP). Regrettably, these charges are non-refundable.

Payment Options

The following options are open to you with regards to payment of fees/charges:

- Credit Card (in person at the Finance Counter- [Click Here](#))

Advance Payment of Fees (New Students)

Students who receive an offer of admission are required to pay a non-refundable advance tuition fee deposit, as stated in the payment plan, at the time of accepting the offer in order to secure their place in the programme. This deposit is approximately 10% of the first-year tuition fee and forms part of the total tuition fees for the first year of study.

If a student does not meet the admission requirements and the University issues an official rejection letter, the tuition fee paid will be refunded after deducting the application fee and any other applicable charges.

New Student Payment Plans

Students not requiring a University-sponsored visa must first pay the tuition fee deposit and application fee to secure their place in the programme. The remaining tuition fees must be paid through the mandatory Recurring Card Payment (RCP) option at the beginning of the semester/start date of the payment plan if opting for monthly instalments.

Students requiring a University-sponsored visa must pay the tuition fee deposit and application fee, with the balance tuition fees and any other applicable costs (such as visa services) payable as per the non-monthly instalment payment plan by the specified due dates. However, if they choose the monthly instalment option while holding a University-sponsored visa, tuition fees must be paid through the mandatory Recurring Card Payment (RCP) option at the beginning of the semester/start date of the payment plan.

All students are also required to pay a refundable security deposit of AED 1,000. This deposit must be claimed within six months of graduation or official withdrawal from the University. Failure to claim within this period will result in forfeiture of the refund.

Please note: Payment of the security deposit alone does not secure a place in the programme. To secure admission, students must pay both the refundable security deposit of AED 1,000 and the non-refundable advance tuition fee deposit stated in the payment plan.

Continuing Student Payment Plans

Students not requiring a University-sponsored visa must pay their tuition fees through the mandatory Recurring Card Payment (RCP) option at the beginning of the semester/start date of the payment plan if opting for monthly instalments.

Students requiring a University-sponsored visa must pay their tuition fees and any other applicable costs (such as visa services) as per the non-monthly instalment plan by the due dates. However, if they choose the monthly instalment option while holding a University-sponsored visa, tuition fees must be paid through the mandatory Recurring Card Payment (RCP) option at the beginning of the semester/start date of the payment plan.

Important Note

In cases of changes related to scholarships, discounts, programme amendments, additional courses, or mode of study, students must contact the Finance Team in advance to obtain an updated payment plan. If not communicated in advance, the Finance Office will update the payment plan or notify the student via email, and the revised charges will be payable immediately or as per due date as communicated.

Qualifying Criteria for a refund of Tuition Fee - 2+2 Programme

- Student unable to progress - No refund.
- Deferred/notdecided to taketransfer to Edinburgh– No Refund
- Students changed their mind and continue in the same campus, additional fees paid in 2+2 (which is more than the normal programme fee), the extra paid amount will be applied to only Year 4 fees.
- Student decided to graduate in Year 3, no refund/no fee adjustment for 2+2 fees paid in previous year.
- Return to Dubai after Year 3 - Year 2 additional fees credited to Year 4
- Students who are unable to transfer due to visa restrictions - full refund of additional fees.

Advanced DEP / Condensed DEP

- If a student is unable to progress from DEP to UG (Year 1) in the same academic year, the tuition fee will be charged for regular DEP fees and if any excess payment, the amount would be carried forward to Undergraduate account and they will be charged the latest tuition fees for the programme which they enrol in at the Dubai Campus for that specific academic year.
- If the student completes the DEP portion and decides to take TSS (Temporary Suspension of Studies) for their UG (Y1) programme, then regular DEP fees for that particular Academic year will be charged and they would lose the discounted fee for Condensed DEP programme. Furthermore, the latest tuition fee will be charged for the UG programme which they enrol in Dubai Campus for that specific Academic year.
- If the student withdraws from Condensed DEP programme prior to December month, then the September intake withdrawal policy will be applied.
- If a student withdraws from condensed DEP program after completion of DEP portion, then the regular DEP fees will be applied. Students who are withdrawing after completion of DEP in between the period from January till April, then the regular DEP fees plus 50% of the balance Condensed DEP fee will be charged.

Example:

If you consider regular DEP fee is AED 51,514 and Condensed DEP fee is AED 85,857
Then, tuition fee chargeability is AED 68,685.50 ($51,514 + 50\%$ of the balance Condensed DEP fee, i.e., $17,171.50 \{85,857 - 51,514 = 34,343 * 50\}$).

- If a student withdraws from condensed DEP program after completion of DEP portion, and without enrolling to UG (Year1) then the regular DEP fees will be applied along with 10% of the balance condensed DEP fees.

Example:

If you consider regular DEP fee is AED 51,514 and Condensed DEP fee is AED 85,857
Then, tuition fee chargeability is AED 54,948.30 ($51,514 + 10\%$ of the balance Condensed DEP fee, i.e., $3,434.30 \{85,857 - 51,514 = 34,343 * 10\}$).

Withdrawal Policy for TSS Students

Scenario 1 - If the application date for TSS is on or after the the start of TSS, the application date itself will be considered as the withdrawal date.

Scenario 2 - If the application date for TSS falls before the start of TSS, the start date of the TSS will be considered as the withdrawal date.

Refund/ Withdrawal for Not Meeting Equivalency Requirement

The University reserves the right to withdraw any student who does not fulfill the CAA Educational Equivalency Requirement within the specified timeline. In such cases, the fee charged will be calculated based on when the withdrawal notification was issued by the University. Students who have paid more than the applicable fee amount as per the withdrawal policy are eligible for a refund. Refund requests must be submitted within six months of the withdrawal date; otherwise, the right to claim a refund shall be forfeited

Students who have graduated from their Programme and wish to continue, for eg. Year 4 of UG, they will be charged the new fees applicable to the current academic year and any scholarships provided in the prior years will not be carried forward.

Any student decided not to continue with year 4 and graduate with an ordinary degree after year 3. The academic scholarship applicable for Year 4 will become null and void and won't be adjusted in Year 3.

Programme Amendments and Financial Obligations

- Changes/Amendments in program details may result in adjustments in tuition fees and discounts, and it is essential for students to pay off any financial differences that may arise. In case they don't contact the finance office, the finance office may charge them appropriate fees as per the changes and update accordingly.
- Students who are retaking or reattending any courses will not be eligible for scholarships or discounts.
- Campus transfer students will be charged the latest tuition fee for the program they enroll in at the Dubai campus for that specific academic year.
- Students who change their program will be charged the latest tuition fee for the program they enroll in at the Dubai campus for that specific academic year.
