

HERITAGE AND INFORMATION GOVERNANCE Records Retention Schedule for Audit

This category covers both internal and external audits of the institution, focusing on providing assurance of the adequacy and effectiveness of the institution's risk management, control and governance, and arrangements for promoting economy, efficiency and effectiveness.

This retention schedule is based on the recommendations made by the Joint Information Systems Committee. The letter indicates the final disposition of each type of record, and applies to original records. Where copies of originals are kept locally, these can be destroyed when these are no longer required.:

A = 1 copy to be transferred to the University Archive. See Retention Schedule Guidelines for further details.

D = Destroyed.

The number following the letter code indicates the period (in years) after which records may be destroyed, and is the minimum retention period required by best practice or legislation. It assumes a new file is opened at the start of each academic, calendar or financial year, and is **always** calculated from the date of the last record in the file.

FOLDER STRUCTURE	Examples of Types of Record	Retention Period	Legislative Authority
 AUDIT/STRATEGY identifying requirements for new/revised strategy undertaking research developing strategy proposals consulting on strategy proposals reviewing and revising strategy proposals in the light of comments received drafting strategy documents consulting on strategy documents reviewing draft strategy documents in the light of comments received producing final strategy documents submitting final strategy documents for formal endorsement formally endorsing strategy documents reviewing strategy documents 	Key records documenting the development and establishment of the institution's audit management strategy, e.g. Audit Committee. Working papers documenting development and establishment of the institution's audit management strategy.	A: Superseded + 5 years Copy to the University Archive after approval for permanent retention. D: Issue of strategy + 1 year
