

HERITAGE AND INFORMATION GOVERNANCE Records Retention Schedule for Student Services

Student service means a service which is provided primarily for the institution's students but which may also be provided (or available) to staff. Student services may be: provided directly by the institution; provided through partnership arrangements with other institutions; provided by external organisations under contract.

This retention schedule is based on the recommendations made by the Joint Information Systems Committee. The letter indicates the final disposition of each type of record, and applies to original records. Where copies of originals are kept locally, these can be destroyed when these are no longer required:

A = 1 copy to be transferred to the University Archive. See Retention Schedule Guidelines for further details.

D = Destroyed.

The number following the letter code indicates the period (in years) after which records may be destroyed, and is the minimum retention period required by best practice or legislation. It assumes a new file is opened at the start of each academic, calendar or financial year, and is **always** calculated from the date of the last record in the file.

FOLDER STRUCTURE	Examples of Types of Record	Retention Period	Legislative Authority
STUDENTSERVICES/STRATEGY Activities include: • identifying requirements for new/revised strategy • undertaking research • developing strategy proposals • consulting on strategy proposals • reviewing and revising strategy proposals in the light of comments received	Key records documenting the development and establishment of the institution's commercial services strategy. Working papers documenting development and establishment of the institution's commercial services strategy	A: Superseded + 3 years Copy to the University Archive after approval for permanent retention. D: Issue of strategy + 1 year	Legislative Authority

Records Retention Schedule for Student Services (3)

STUDENT SERVICES/OPERATIONS Some activities are common to many types of student services (e.g. handling enquiries; booking appointments). Other activities are specific to particular types of services. The institution should identify and define the activities associated with each service that it provides.	TO BE DEFINED BY THE INSTITUTION	TO BE DEFINED BY THE INSTITUTION	
This single activity of 'Operations Management' may be replaced by a number of specific activities, depending on the complexity of the service being provided.			
STUDENTSERVICES/CUSTOMERS Activities include: • handling customer complaints • conducting customer surveys.	Records documenting enquiries about the service and the responses provided.	D: Last action on enquiry + 1 year	
	Records documenting the handling of complaints from customers of the service.	D: Last action on complaint + 3 years	
	Records documenting unsolicited customer feedback on the service and the responses provided.	D: Last action on feedback + 3 years	
	Records documenting the design of service customer surveys and the (anonymised, if necessary) analysis of responses.	D: Last action on survey + 3 years	
	Individual responses to service customer surveys.	D: Completion of analysis of responses

Records Retention Schedule for Student Services (4)

For providing a service primarily to support students, use the framework provided in the STUDENT SERVICES section. For providing a commercial service, use the framework provided in the COMMERCIAL SERVICES section.

Note 1

This is a generic business classification scheme for the function of providing a corporate service
It is a framework which can be customised to produce a specific business classification scheme for any type of corporate service which the institution provides.

Corporate services provided by HEIs include: archives services; catering services; computing services; graphic design services; leisure services; library and information services; mail services; museum services; photographic services; reception services; records management services; reprographic services; security services; telephone services.

Identifying and defining all the activities involved in delivering all the possible services that an institution could provide is outside the scope of this Business Classification Scheme.

Note 2

This function is intended to cover only the substantive (i.e. 'core business') aspects of providing a corporate service. A business unit which provides a corporate service will also undertake functions which appear elsewhere in this business classification scheme (e.g. Finance Management).
