## Disbursements Group

### TERMS OF REFERENCE

#### 1. Constitution and Purpose

- 1.1 The Disbursements Group has been established by the Donations and Investments Committee to oversee appropriate expenditure against all available philanthropic funds held or controlled by Heriot-Watt University, including those raised through the annual calling campaign and other fundraising activity in support of access bursaries, scholarships and small project grants disbursed.
- 1.2 Disbursements decisions must align with the overall objectives of these philanthropic funds and the philanthropic/charitable intentions of the original donors. A proportion of any monies raised will be committed to access bursaries and scholarships as well as small project grants. Guidance will be provided by the Head of Development and Alumni with the support of the Global Chief Financial Officer (or delegates).

#### 2. Remit

- 2.1 The Disbursements Group, which reports to the Donations and Investments Committee, will have delegated authority of up to £600k in total in each financial year, which will be reviewed annually, in order to:
  - Commit expenditure from the Alumni Fund and the Scholarships and Bursaries Fund. In the case of scholarship support and other initiatives, which may have multi-annual funding conditions/implications, the Group must consider the total value of support for the duration of the activities.
  - Disburse up to £50k (of the above £600k total) from the Annual Fund to support Access Bursaries, Music Scholarships and Sports Scholarships and additional disbursement through grants.

In the case of the first two items above, and subject to the stated conditions, the Disbursements Group will decide what allocations are to be made from the funds.

- Oversee disbursement of all other available philanthropic funds held or controlled by Heriot-Watt University in line with agreed strategies and budgets, the value of funds available to spend and their individual restrictions.

In the case of the last item above, the Disbursements Group, on a quarterly basis, will review Schools and Departments' philanthropic fund expenditure to ensure that it is compliant and take action accordingly. The Disbursements Group will also work with Schools and Directorates to bring unused or underutilised funds into full use and provide guidance on aligning funds with University strategy.

- 2.2 The Disbursements Group will consider how best to spend historic unspent reserves (backlog funds) in support of University strategic priorities that support and advance the wider student experience i.e. those activities that cannot normally be funded through core University funding.
- 2.3 A published set of criteria (currently under development) will be used to inform decision making concerning disbursement of funds. The Group will take account of any existing and ongoing commitments and consider the following areas in relation to potential funding:
- personal funding efforts;
  - benefit to student population;
  - benefit to wider population;
  - travel/accommodation limitations;
  - previous application amounts vs. current amount applied for (justification);
  - repeat applications/relationships; and
  - receipt of required reports on outcomes and impacts of any previous funding granted.
- 2.4 The Disbursements Group will review reports on the impact of funds using the five dimensions of impact: what, who, how much, reach, contribution and risk. To this end, the Development and Alumni Office will ensure that all successful recipients of monies submit relevant impact reports.
- 2.5 The Disbursements Group will bring oversight to the development and delivery by the Development and Alumni Office of a communications and publicity plan to highlight the impact of the funds.
