# LEARNING AND TEACHING

## LEARNING AND TEACHING

### Academic Appeals

An academic appeal is a formal request by a student for the review of a decision made by the University on the student's progression, assessment or academic award. There are valid and invalid grounds for an appeal. Appeals cannot be made on the basis of academic judgment (for example, thinking that your work deserves a higher grade). You are strongly advised to seek advice from your personal tutor or the Student Union Advice Hub before starting an appeal, and to try and seek an informal resolution before making a formal appeal.

### Assessment

Assessment is an essential part of learning at university. Make sure you are aware of the guidelines and regulations around University assessment.

### Assessment Feedback

Heriot-Watt University aims to support students in becoming confident, independent learners; feedback is a key part of the student learning experience, as it is designed to help students to learn and improve. It's also important to know what to do with the feedback when you receive it. Please also see this guide: Making the Most of Assessment and Feedback: A Guide for Students.

### Assessment Results

Once your course results have been released, you will automatically be sent an email (to your Heriot-Watt email address) to inform you that new assessment results are available online to view/download via the Student Self-Service.

Guidance is available on the results and the grading system used by the University.

### Changing One of Your Courses

If you wish to change your course you can do this online after you complete online enrolment up until the end of the second week of the semester. To swap a course, go to the 'Student Menu' in your Student Self-Service and select 'Course Swap'. There is further guidance online as you follow the process.

Learning, teaching and assessment will be delivered through a combination of face-to-face and online methods as part of the University's Globally Connected Learning. Online activities and materials will be delivered through Canvas, the University's Virtual Learning Environment, and Microsoft Teams. Prompt course registration will ensure that you are able to participate in all activities.

### Changing Your Programme

The University recognises that students may wish to transfer to a different programme of study and will normally allow this provided that a student's prior study or subject knowledge meets the entry requirements of the new programme. Transferring after Year 1 may be difficult without repeating stages of study. If you are considering changing to another Heriot-Watt programme please make sure you discuss this with your personal tutor and see the following advice:

- Think carefully about what you want to study instead
- Access all sources of information about any alternative programme. Find out who the programme contact is, what the entry requirements are and what careers it might lead to. You can find out the programme contact by logging an enquiry with your school using AskHWU on the MyHWU portal. Find out if you would you have to repeat a year.
- Talk to programme staff and students who are currently studying the programme.
- Remember, it is not automatic that you will be allowed to transfer to a different programme.
- If you are able to transfer, make sure you complete the correct forms and have the appropriate approval. Your new programme leader can advise you on this.
- You may have to repeat a year on your new programme, e.g. start again at Year 1, in which case you should check with your funding body what financial support will be available if you do this. Repeat funding can sometimes be offered but this will depend on your circumstances.

## Examinations and Examination Diets

There are three examination diets (assessment periods): December, Spring and Summer. It is important that you are available for the whole of the assessment period as exam dates may be subject to change.

## Exam Conduct and ID Checks

Make sure you know what is required and permitted within each of your exams and understand the University exam conduct.

## Exam Timetables

On our website, you will find information on the exam timetable and when it will be available. Please note that exam timetables are subject to change so check regularly – we recommend checking the morning of each exam for any adjustments.

## Exit Awards

You will receive an award if you successfully complete your programme of study. However, if you leave the University part way through your programme, you may still have met the required criteria for receiving a Certificate of Higher Education, a Diploma of Higher Education or an Ordinary/Bachelors Degree as an exit award.

## External Examiners Information

External Examiners are independent of Heriot-Watt and their role is to ensure that students are judged fairly according to the academic standards expected by the wider higher education sector. In addition, they ensure that the processes for assessment, examination and determination of awards are sound and fairly operated, and that the quality of programmes is appropriate. Students can request copies of the External Examiners' reports for their programme by emailing [externalexaminerstaught@hw.ac.uk](mailto:externalexaminerstaught@hw.ac.uk)

## Globally Connected Learning

Our approach to learning and teaching is Globally Connected Learning, a blend of on campus and online learning. To help you get the most out of online learning, the University has produced a [guide to Netiquette](#). Please note that most of your learning will be in person, and you are expected to attend in-person classes.

Details of the specific blend of on campus, online and independent study will be set out by your course teams, who will support you through your studies.

You can discuss any issues around your learning or your wellbeing with your personal tutor and with the University's professional services. Periods of Study The University Regulations explain the maximum time allowed to complete your programme of study.

## Periods of Study

The University Regulations explain the maximum time allowed to complete your programme of study.

## Plagiarism

Plagiarism is the act of taking the ideas, writings or inventions of another person and using these as if they were your own, whether intentionally or not. Here you can find out more about plagiarism, how the University responds to it and guidance on how to avoid plagiarism in your academic work. The Library also provides workshops and support on citing and referencing to avoid plagiarism.

## Reassessment

If you fail an assessment during the first or second semester of an academic year, you will have to sit a reassessment for that course before being able to progress. This page contains information on reassessment procedures, how to register and pay for reassessments on your campus, reassessment diet dates, and information about additional reassessment opportunities.

## **Recording of Lectures**

Learning and teaching activities may be recorded for academic purposes. Students will have access to these recordings for use in their studies, but must not download, access or use these recordings for any purpose other than their studies at the University. Equally, students must not copy or share the recordings, in whole or in part, in any way with any other party. The above guidance does not apply to students who have permission from the University to record sessions as part of any reasonable adjustments, to ensure the accessibility of their studies. New and continuing students will be invited to sign up to these requirements as part of the Student Declaration at the point of enrolment.

## **Requirements for Awards**

These regulations explain the number of credits required to receive an award from the University. Refer to the regulation(s) that are appropriate for your level of study.

## **Recognition of Prior Learning and Credit Transfer**

If you have previously been in higher education, have passed courses or have academically relevant professional experience, this could count as credit towards your Heriot-Watt degree. In the linked page, scroll down to 'Recognition of Prior Learning & Credit Transfer to view the policy and procedures relating to this, as well as other information.

## **Submission of Coursework Policy**

You will have a set submission deadline for each piece of coursework. This policy explains how the deadline works.

This policy states that only approved Heriot-Watt communication tools should be used by staff in communication with students.

## **Teaching Timetables**

Use the link above to find out when and where your lectures, tutorials, or labs will be taking place on your campus.

An estranged student is "someone who no longer has the support of their family due to a breakdown in their relationship which has led to ceased contact.
